Bringing the stories to life enables young learners to enhance their comprehension and enjoyment of the stories and ensures a positive and effective introduction to reading. Available in Picture Version and Text and Picture Version

STORYTIME

BEGINNER TO ELEMENTARY | STAGES 1 – 3

The Storytime and Christmastime series have been designed to supplement all English courses and motivate learners to explore English as a foreign language. Both series enhance receptive skills through reading and listening, but also gradually introduce the development of productive skills through the accompanying activities and the production of each story as a play (optional).

The selected stories present a great variety of classic and original tales, all of which have something more to teach than the language itself. The illustrations, the fully-dramatised audio recordings and the

engaging animations stimulate learners' imaginations, while the accompanying picture dictionary items help them make the association between word and meaning.

The Pupil's Book contains an Activities section and scripts for the play; also included is an Activation Code to download the Digital Material (offline cross-platform digital application).

The Teacher's Edition includes the Pupil's Book, directions for the staging of each story as a play, tips on how to make the props and costumes easily and cost-effectively, as well as drama activities which can be used before each rehearsal so as to prepare learners for the wonderful world of drama. The Teacher's Edition also includes an Activation Code to download the offline cross-platform digital application.
