FUN to Fame

1 1.2 Look at the picture and read the title. What do you think the man in the picture does for a living? Listen and read to find out.

Goaaaaaaal! With more than four million subscribers, freekickerz is a German YouTube channel that has more viewers than lots of TV stations. In fact, freekickerz is the world's largest YouTube football channel. What's even more **impressive** is that Konstantin Hert, the YouTuber behind freekickerz, has built his success by doing something he's always loved – his hobby.

Konzi, as he is known to his fans, has always loved football and even played for a club as a child. In 2006, he uploaded his first video clip of an unknown player scoring an amazing goal. Since then, freekickerz has posted thousands of fun football videos. There are clips of free kicks, reviews of football equipment, and epic fails. His fans love them and since 2013 he's been a professional YouTuber.

So what makes him such a **hit**? Well for one thing, he's constantly learning. He admits that sometimes, "my videos have not always been that good." But this just **motivates** him to get better. He studies photography and editing to make his channel the best it can be. He is also a strong believer in never giving up: "Think like an athlete – if someone tells you that you won't make it, train **harder**, and prove your critics wrong."

The future looks **bright** for Konzi. He now has sponsorship from **major** sports brands and freekickerz is increasing its audience by about 50,000 every week. He also has a range of sportswear and another YouTube channel dedicated to music. He's turned his love of football into a social media success story. So what do you do in your free time? Could your hobby be the key to a future career?
