Your dad's job sounds interesting. I don't know any chefs. My mum is a shop assistant and my dad is a postman. He gets up at four, so I never see him in the mornings because I get up at seven. He spends four hours in the office before he starts delivering letters and parcels at half past eight.

It takes him five hours to deliver everything, and it's nice because he's at home when I get back from school. We play computer games for a few hours and then Dad cooks dinner while I do my homework. We eat dinner with my mum, but my sister Laura works at a restaurant in the evenings and she gets home at 11:30. What does your sister do?
