7 Listen and read. What is the text about? Choose.

A How music affects all living things. B How music can improve milk and wheat production.

We All Love Music!

Music has the power to make us feel lively, depressed, relaxed or happy. Research into the effect music has on living things gives us some surprising results.

So, how does music affect young people? Teenagers who listened to lively, upbeat music when they did homework were in a better mood, so their marks improved! Classical music at school helped school children relax and concentrate more on their work. And that's not all! Teenagers who took music classes were more sociable and creative, not to mention better at Maths. That's a great reason to start learning to play a musical instrument, don't you think?

Does it surprise you that animals like music, too? Researchers discovered that horses moved in time to the rhythm of the music they listened to. That's almost like dancing! And dogs slept more and barked less when they listened to classical music, but heavy metal music made them bark a lot and even shake! Heavy metal fans, be careful! And did you know that cows produce more milk when they listen to classical music? Ah, music, wonderful moo-sic!

#6 DAY IN, DAY OUT!

Watch the video. What is dyscalculia? Where does it come from?

Ted: Hey, Mia. Look at this video. It's about this girl, Olivia. She's got dyscalculia!
Mia: What's that?
Ted: Well, Olivia's 13 years old but every morning her mum helps her have breakfast.
Mia: Really? Why?
Ted: Because it's difficult for her to understand how much milk fits in a bowl!
Mia: Oh! Does she find numbers difficult, too?
Ted: Yes, her friends help her count the money she needs to buy lunch. And her dad tells her when to go to bed every night.
Mia: Hm! I see! Just like you! Mum tells you every night to go to bed at 10:00, but you never do.
Ted: I can tell the time, duh! I just watch videos before I go to bed. It's research!

Instant Family is on TV this weekend. I love this film!
It's about Lizzie, a beautiful 15-year-old girl with short, straight, brown hair. She's got a 10-year-old brother, Juan, and a 6-year-old sister, Lita. Lita is my favourite. She's cute and funny!
Pete and Ellie Wagner are married, but they haven't got any children. Soon, the five of them are one big family - but life isn't easy! They've got a lot of problems. *Instant Family* is about how love can fix them. Don't miss it!

At school, some kids are sorry for him, some are afraid of him and some are unkind to him. But he has got his friends, Jack and Summer. They are always there for him. With Jack and Summer by his side, Auggie can do anything!

Skate Kitchen is about Camille, a teenager from New York City. Camille hasn't got a lot of friends, but she can skateboard – and she's really good at it! Camille is soon part of a group of skater girls: Janay, Kurt, Ruby, Indigo, Eliza and Quinn. They are all very different, but their friendship is strong and can help them through difficult times.

Lady Bird's real name is Christine. She's 17 and she's got big ideas about her future. She hasn't got a good relationship with her mum, and she isn't always nice to her best friend, Julie. For Lady Bird, everything is about the school play, college and students ... or is it? Visitors can now admire huge **chambers**, green underground lakes and 250 kilometres of tunnels and caves. These are **decorated** with natural salt crystals in strange **shapes**. There are also many interesting statues the miners carved out of rock salt. Even the beautiful lights that hang from the high **ceiling** in the main chamber are made out of salt crystals!

According to an ancient **legend**, a Hungarian princess called Kinga was travelling from Hungary to Poland. On her way, she threw her ring into a salt mine at Marmaros! Later, when she visited Wieliczka, her **servants** were told to dig a well. Instead of water, salt was found – and **hidden** in the first lump was Kinga's ring!

The Art of Writing

NEW

JENNY DOOLEY

The Art of Writing is a series of three books that aims to develop the skills necessary for effective writing at advanced levels.

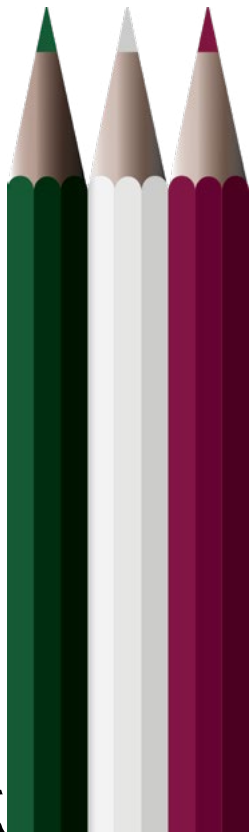

Each book presents and analyses the most commonly used genres at CEFR levels B2,C1 and C2 and most international exam boards divided in sections.

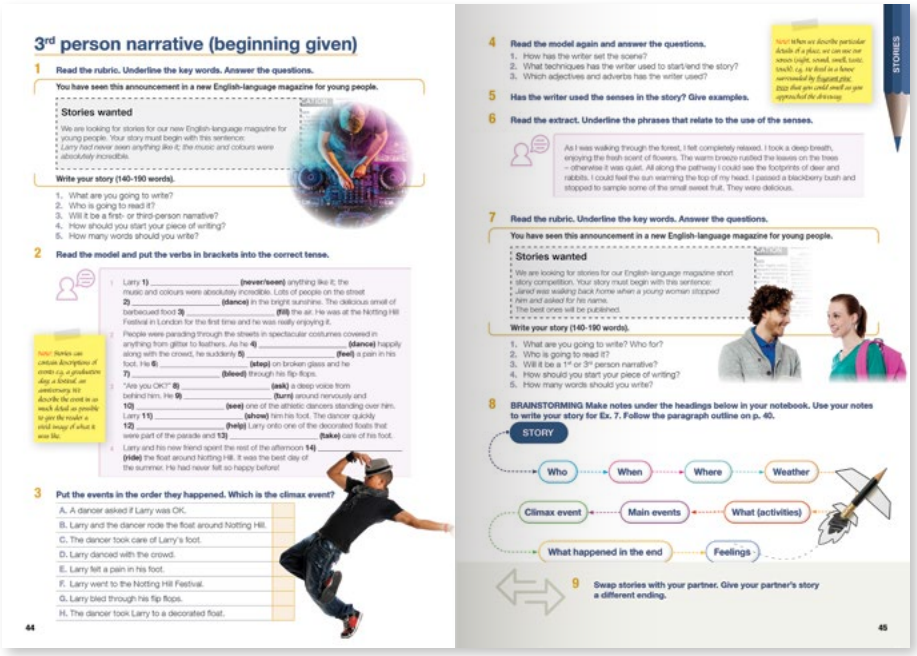

Each section starts with a warm-up activity to introduce learners to the concepts of each writing genre (such as emails/letters, stories, essays, letters to the editor, articles, reports, proposals, reviews, etc.) followed by an introduction that presents all the key elements that characterise them. The units that follow, two pages each, contain rubric and model analyses of specific writing tasks as well as Useful notes and tasks that aim to improve learners' writing skills. Each unit ends with a plan that learners can follow when preparing their own pieces of writing.

At the end of each section there is a Reflection and Evaluation page that aims to help learners develop self-awareness. Learners reflect on what they have learnt, such as necessary elements to be included in their writing pieces, how they fit together coherently and if language has been used appropriately, in order to evaluate their progress and identify their strengths and weaknesses as well as those of their classmates'.

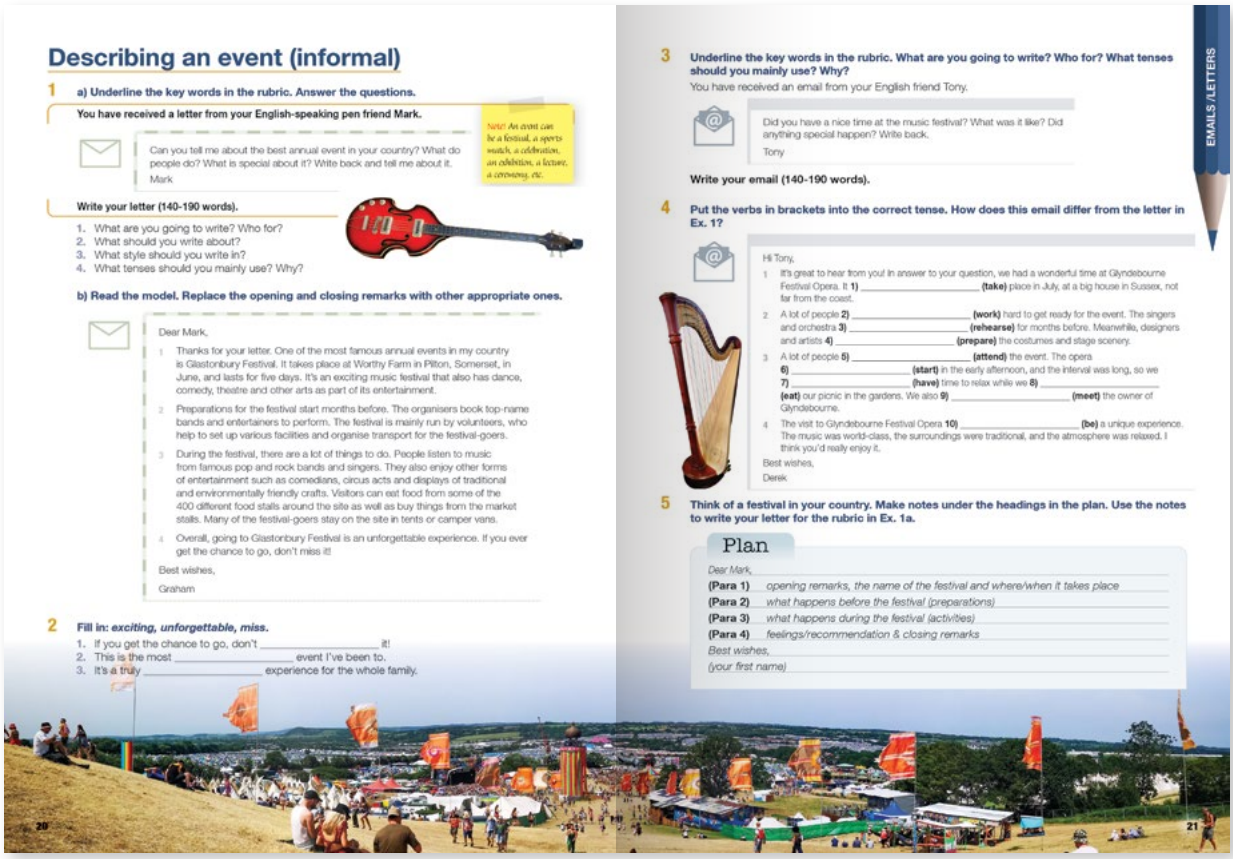

The Introduction for the Teacher explains how teachers can assess learners' writing pieces and how to provide feedback sessions so that problems can be explained and corrected together with the learner (formative assessment).

Describing an event (informal)

1 **a) Underline the key words in the rubric. Answer the questions.**

You have received a letter from your English-speaking pen friend Mark.

Can you tell me about the best annual event in your country? What do people do? What is special about it? Write back and tell me about it.
Mark

Note! An event can be a festival, a sports match, a celebration, an exhibition, a lecture, a ceremony, etc.

Write your letter (140-190 words).

1. What are you going to write? Who for?
2. What should you write about?
3. What style should you write in?
4. What tenses should you mainly use? Why?

b) Read the model. Replace the opening and closing remarks with other appropriate ones.

Dear Mark,

1 Thanks for your letter. One of the most famous annual events in my country is Glastonbury Festival. It takes place at Worthy Farm in Pilton, Somerset, in June, and lasts for five days. It's an exciting music festival that also has dance, comedy, theatre and other arts as part of its entertainment.

2 Preparations for the festival start months before. The organisers book top-name bands and entertainers to perform. The festival is mainly run by volunteers, who help to set up various facilities and organise transport for the festival-goers.

3 During the festival, there are a lot of things to do. People listen to music from famous pop and rock bands and singers. They also enjoy other forms of entertainment such as comedians, circus acts and displays of traditional and environmentally friendly crafts. Visitors can eat food from some of the 400 different food stalls around the site as well as buy things from the market stalls. Many of the festival-goers stay on the site in tents or camper vans.

4 Overall, going to Glastonbury Festival is an unforgettable experience. If you ever get the chance to go, don't miss it!

Best wishes,
Graham

2 **Fill in: *exciting, unforgettable, miss.***

1. If you get the chance to go, don't _____ it!
2. This is the most _____ event I've been to.
3. It's a truly _____ experience for the whole family.

3 **Underline the key words in the rubric. What are you going to write? Who for? What tenses should you mainly use? Why?**

You have received an email from your English friend Tony.

Did you have a nice time at the music festival? What was it like? Did anything special happen? Write back.
Tony

Write your email (140-190 words).

4 **Put the verbs in brackets into the correct tense. How does this email differ from the letter in Ex. 1?**

Hi Tony,

1 It's great to hear from you! In answer to your question, we had a wonderful time at Glyndebourne Festival Opera. It **1)** _____ **(take)** place in July, at a big house in Sussex, not far from the coast.

2 A lot of people **2)** _____ **(work)** hard to get ready for the event. The singers and orchestra **3)** _____ **(rehearse)** for months before. Meanwhile, designers and artists **4)** _____ **(prepare)** the costumes and stage scenery.

3 A lot of people **5)** _____ **(attend)** the event. The opera **6)** _____ **(start)** in the early afternoon, and the interval was long, so we **7)** _____ **(have)** time to relax while we **8)** _____ **(eat)** our picnic in the gardens. We also **9)** _____ **(meet)** the owner of Glyndebourne.

4 The visit to Glyndebourne Festival Opera **10)** _____ **(be)** a unique experience. The music was world-class, the surroundings were traditional, and the atmosphere was relaxed. I think you'd really enjoy it.

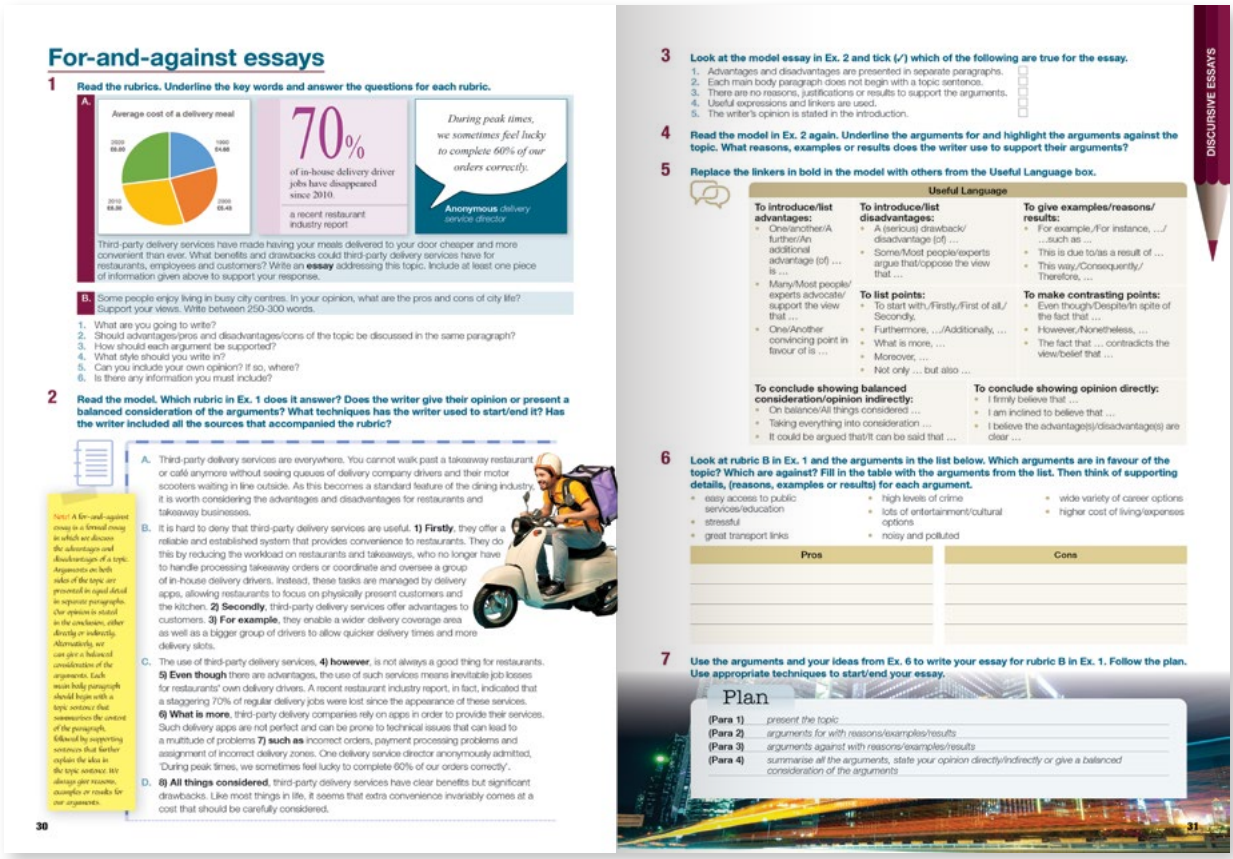

Best wishes,
Derek

For-and-against essays

1 **Read the rubrics. Underline the key words and answer the questions for each rubric.**

A

70% of in-house delivery driver jobs have disappeared since 2010.
a recent restaurant industry report

During peak times, we sometimes feel lucky to complete 60% of our orders correctly.
Anonymous *delivery service director*

Third-party delivery services have made having your meals delivered to your door cheaper and more convenient than ever. What benefits and drawbacks could third-party delivery services have for restaurants, employees and customers? Write an **essay** addressing this topic. Include at least one piece of information given above to support your response.

B Some people enjoy living in busy city centres. In your opinion, what are the pros and cons of city life? Support your views. Write between 250-300 words.

1. What are you going to write?
2. Should advantages/pros and disadvantages/cons of the topic be discussed in the same paragraph?
3. How should each argument be supported?
4. What style should you write in?
5. Can you include your own opinion? If so, where?
6. Is there any information you must include?

2 **Read the model. Which rubric in Ex. 1 does it answer? Does the writer give their opinion or present a balanced consideration of the arguments? What techniques has the writer used to start/end it? Has the writer included all the sources that accompanied the rubric?**

Note! A for-and-against essay is a formal essay in which we discuss the advantages and disadvantages of a topic. Arguments on both sides of the topic are presented in equal detail in separate paragraphs. Our opinion is stated in the conclusion, either directly or indirectly. Alternatively, we can give a balanced consideration of the arguments. Each main body paragraph should begin with a topic sentence that summarises the content of the paragraph, followed by supporting sentences that further explain the idea in the topic sentence. We always give reasons, examples or results for our arguments.

A. Third-party delivery services are everywhere. You cannot walk past a takeaway restaurant or café anymore without seeing queues of delivery company drivers and their motor scooters waiting in line outside. As this becomes a standard feature of the dining industry, it is worth considering the advantages and disadvantages for restaurants and takeaway businesses.

B. It is hard to deny that third-party delivery services are useful. **1) Firstly**, they offer a reliable and established system that provides convenience to restaurants. They do this by reducing the workload on restaurants and takeaways, who no longer have to handle processing takeaway orders or coordinate and oversee a group of in-house delivery drivers. Instead, these tasks are managed by delivery apps, allowing restaurants to focus on physically present customers and the kitchen. **2) Secondly**, third-party delivery services offer advantages to customers. **3) For example**, they enable a wider delivery coverage area as well as a bigger group of drivers to allow quicker delivery times and more delivery slots.

C. The use of third-party delivery services, **4) however**, is not always a good thing for restaurants. **5) Even though** there are advantages, the use of such services means inevitable job losses for restaurants' own delivery drivers. A recent restaurant industry report, in fact, indicated that a staggering 70% of regular delivery jobs were lost since the appearance of these services. **6) What is more**, third-party delivery companies rely on apps in order to provide their services. Such delivery apps are not perfect and can be prone to technical issues that can lead to a multitude of problems **7) such as** incorrect orders, payment processing problems and assignment of incorrect delivery zones. One delivery service director anonymously admitted, 'During peak times, we sometimes feel lucky to complete 60% of our orders correctly'.

D. **8) All things considered**, third-party delivery services have clear benefits but significant drawbacks. Like most things in life, it seems that extra convenience invariably comes at a cost that should be carefully considered.

3 **Look at the model essay in Ex. 2 and tick (✓) which of the following are true for the essay.**

1. Advantages and disadvantages are presented in separate paragraphs. ☐
2. Each main body paragraph does not begin with a topic sentence. ☐
3. There are no reasons, justifications or results to support the arguments. ☐
4. Useful expressions and linkers are used. ☐
5. The writer's opinion is stated in the introduction. ☐

4 **Read the model in Ex. 2 again. Underline the arguments for and highlight the arguments against the topic. What reasons, examples or results does the writer use to support their arguments?**

5 **Replace the linkers in bold in the model with others from the Useful Language box.**

Storytime – Christmastime

The ***Storytime*** and ***Christmastime*** series have been designed to supplement all courses and motivate learners to explore English as a foreign language. Both series enhance receptive skills through reading and listening, but also gradually introduce the development of productive skills through the accompanying activities and the production of each story as a play (optional).

The stories present a great variety of classic and original tales, all of which have something more to teach than the language itself.

The Teacher's Edition includes the directions for the staging of each story as a play, tips on how to make the props and costumes, as well as drama activities which can be used to prepare learners for the wonderful world of drama.

Teaching Happiness
in the Language Classroom

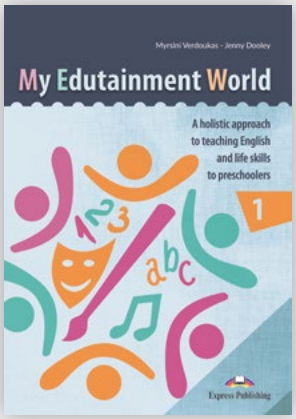

DESPINA MALLIDOU

Teaching Happiness in the Language Classroom aims to equip language teachers with specific tasks, the implementation of which will expose students to a rich educational experience. Students are encouraged to think more deeply with their minds and cultivate positive habits that will make them happier and more resilient people. The need for such material to be included in our teaching is even more in demand nowadays, due to the isolated learning environment many children experienced during the COVID pandemic. This book can be used as a reference since the tasks in this book can supplement any other educational material. Most of the tasks can be adapted to meet the linguistic needs of any level. It is up to you to decide when to use it and how often, according to your syllabus design.

The tasks should be done repeatedly, allowing your students to get used to the positive thinking. Don't forget that being positive is a habit!
